

European Association of Geriatric Psychiatry

To national organisations for geriatric psychiatry in Europe

The European Association of Geriatric Psychiatry (EAGP) has the pleasure of inviting its members to a series of webinars on different aspects of old age psychiatry. The one-hour webinars will be held using Zoom™ and are free of charge.

The first webinar will take place on Thursday, November 5th, 12.00-13.00 Central European Time.

Forty years of neuro-imaging

12.00 Welcome!

Karin Sparring Björkstén (Sweden), Sujoy Mukherjee (U.K.) and Martin Orrell (U.K.) EAGP Board

12.05-12.25 Update on the use of Computerized Tomography, Magnetic Resonance Imaging and Positron Emission Tomography in neurodegeneration.

Lars-Olof Wahlund, M.D., Professor of Geriatrics, Karolinska Institutet

Lars-Olof did pioneer work with the first MRI-scanner in Sweden in the 1980ies. He built up a large research group working on different aspects on neurodegenerative disorders especially neuroimaging research at Karolinska Institutet, Stockholm.

12.30-12.50 Studies of the functional connectivity in the aging brain

Luiz Kobuti Ferreira, M.D. Ph.D

Luiz works as a psychiatrist at an old age psychiatric ward at Psychiatry South Stockholm and as a researcher at Karolinska Institutet. His research focus is to describe functional connectivity changes during aging and in neurocognitive disorders.
